Education

BACHELOR OF ARTS IN APPLIED MATHEMATICS – Southern New Hampshire University – Manchester, NH 2025
GPA: 4.0 | Honor Roll
Coursework emphasized statistical modeling, data analysis, optimization, and applied mathematics with hands-on experience in Python, R, and MATLAB.

ASSOCIATE OF SCIENCE IN PRE-ENGINEERING – Lee College – Baytown, TX 2023
GPA: 4.0 | Presidential Honors Day Honoree | Phi Theta Kappa

LICENTIATE IN ECONOMIC SCIENCES (U.S. BACHELOR'S EQUIVALENT) – Academy of Economic Studies of Moldova 2016
Major: Marketing & Logistics | Coursework in economics, statistics, accounting, financial markets, and market analysis

Skills

Programming & Tools	Python (pandas, matplotlib, BeautifulSoup, statsmodels, PuLP), R (dplyr, ggplot2), SQL (MySQL) Power BI (Power Query, DAX), Tableau, Excel (PivotTables, PivotCharts, XLOOKUP), Git/GitHub
Analytical Methods	Data cleaning, exploratory analysis, statistical modeling, predictive modeling, linear programming
Languages	English, Romanian, Russian

Projects

CONSUMER BANKING COMPLAINTS ANALYSIS – Python • MySQL • Tableau October 2026

- Built an **end-to-end** workflow for analyzing CFPB consumer complaints.
- Extracted data through an **API**, cleaned and analyzed it in **MySQL**, and developed **Tableau** dashboards showing complaint and resolution trends.

STEAM GAMES DATA AND MARKET ANALYSIS – Python • API Integration • Power BI September 2026

- Integrated Steam game data with sales estimates from an external API using **pandas**.
- Cleaned and prepared the data in **Python** and built a **Power BI** dashboard examining sales, pricing, genres, and publisher classes.

OPTIMIZING THE U.S. ENERGY MIX – Python • Ridge Regression • Linear Programming August 2025

- Used **Ridge regression** to model the relationship between U.S. energy-source shares and emission intensity while addressing multicollinearity.
- Built a **linear programming** model to optimize the 2030 energy mix under projected demand, generation constraints, emissions targets, and carbon-capture scenarios.

Work Experience

TEACHER ASSISTANT – Lee College – Baytown, TX 2020

- Prepared A&P lab materials and equipment and assisted students with procedures and assignments.

SALES ASSOCIATE – Macy's – Baytown (2017 - March 2018) & Friendswood, TX (October 2018 – 2020) 2017 – 2020

- Performed customer support, returns, and transactions with accuracy and excellent service.
- Completed opening/closing procedures, cash handling, inventory checks, and store maintenance.

STORE MANAGER – "Time" Grocery Store – Soroca, Moldova 2013 – 2017

- Managed financial operations including daily income/expenditure logs and quarterly/yearly balance sheets.
- Implemented marketing strategies and improved supplier sourcing, increasing profitability.
- Oversaw staffing, scheduling, inventory control, and customer satisfaction.

MANAGER / FRONT DESK RECEPTIONIST – Bella Donna Hotel & Restaurant – Chisinau, Moldova 2011 – 2013

- Managed reservations, guest communication, staff training, and scheduling.
